RE: POLKA DOT PROMOTIONS LETTER OF RECOMMENDATION

Polka Dot Promotions has worked together with our company since 2014 supplying us with a myriad of promotional items and stationery, as well providing us with our branded company uniforms and PPE items.

The service level that Polka Dot Promotions provide has always been exemplary from start to finish with both Linda and Wayne being highly proficient and organised, thereby ensuring the fastest achievable turnaround, attention to detail and the best quality possible to the final finished product.

Of especially pleasant and accommodating disposition, they go out of their way at all times with nothing being too big or too small for them to handle.

Working with Polka Dot has always been and continues to be an absolute pleasure, and I highly recommend them to any other business who requires these types of items.

Should you wish to contact me for further information please feel free to do so on

Yours sincerely,

Shelley Hutton
